3.0 EMPLOYMENT LAW

3.1 EQUAL OPPORTUNITY EMPLOYMENT

It is the policy of the School District of Ladysmith to provide equal opportunity in employment to all qualified employees and applicants for employment. Positive action is required from all employees to help ensure that the School District of Ladysmith complies with its obligations under state and federal law. In accordance with the Americans with Disabilities Act (ADA), the District will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of their job. A qualified individual who can be reasonably accommodated without undue hardship will be given the same considerations for that position as any other applicant. If you need assistance in the performance of your work-related duties, please contact your direct supervisor.

3.2 EMPLOYMENT OF MINORS

No one under the age of 18 years of age will be employed without providing proper proof of his or her age. Minors may be employed only if in accordance with state and federal laws and district policies.

3.3 FAMILY MEDICAL LEAVE ACT

Eligible employees may qualify for unpaid leave under Wisconsin's Family and Medical Law (§103.10, Wis. Stat.) and/or the federal Family and Medical Leave Act. When applicable, the leaves shall run concurrently. Employee rights posters for both laws are in the workplace for reference by all employees.

WISCONSIN FMLA:

Any employee who has worked for more than 52 weeks (for a minimum of 1,000 paid hours) is eligible for unpaid leave under Wisconsin's Family and Medical Leave Act (§103.10, Wis. Stats.). However, the employee may, but is not required to, substitute definite and quantifiable paid leave benefits for unpaid leaves under the state law (e.g., paid vacation).

The amount of unpaid leave available in a calendar year pursuant to Wisconsin's law is presently as follows:

A. Family Leave

1. Up to a maximum of six (6) weeks per twelve (12) month period for the birth or adoption of a child. The leave must begin no earlier than 16 weeks before estimated birth or placement and no later than 16 weeks after birth date or placement of the child.
2. Up to a maximum of two (2) weeks leave per twelve (12) month period to care for a child, spouse, parent, parent-in-law, domestic partner [as defined in Wis. Stat. § 40.02(1) and § 770.01(1)], or domestic partner's parent who has a serious health condition.

Total maximum time for #1 and #2 is eight (8) weeks per twelve (12) month period.

B. Medical Leave

1. A maximum of two (2) weeks per twelve (12) month period for the employee's serious health condition.

[NOTE: "Serious health condition" means a disabling "physical or mental illness, injury, impairment, or condition which requires inpatient care in a hospital, nursing home or hospice, or outpatient care that requires continuing treatment or supervision by a health care provider.]

FEDERAL FMLA:

Any employee who has worked for more than 12 months (for a minimum of 1,250 hours) is eligible for unpaid leave under the Federal Family and Medical Leave Act of 1993. An employee may be required to substitute definite and certain paid leave benefits for unpaid leave.

The federal law provides 12 weeks of unpaid leave during a 12-month period calendar year for any covered purpose, which are:

- a. The birth and first year care of a child or a child who has been placed with the employee for adoption or foster care.
- b. To care for a child, spouse or parent who is suffering from a serious health condition.
- c. For a serious health condition of the employee that makes the employee unable to perform his or her job duties.
- d. Because of a qualifying exigency arising out of the fact that the employee's spouse, child, or parent is on covered active duty or call to covered active duty as a member of the Armed Forces, National Guard, or Reserves.

The federal law also provides for 26 weeks of unpaid leave during a single 12-month period in the case of covered service member caregiver leave because the employee is the spouse, child, parent or next of kin of a covered service member with a serious injury or illness. This 12-month period begins on the first day the eligible employee takes leave for this purpose.

[NOTE: A "serious health condition" is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.]

Intermittent Leave:

Under some circumstances, employees may take FMLA leave on an intermittent basis. Intermittent leave may be taken in the smallest increment allowed by the employer for any other type of leave.

- a. Federal leave based on a birth or child placement may only be taken intermittently on a reduced leave schedule if the employer agrees;
- b. State family leave for birth/placement or care of a child, spouse, parent or parent in-law with a serious health condition may be taken as partial absences from employment if scheduled so as not to unduly disrupt the employer's operations.
- c. Federal leave based on a serious health condition of an employee, employee's child, spouse or parent may only be taken intermittently or on a reduced-leave schedule when medically necessary, unless the employer agrees otherwise.
- d. Federal leave due to a qualifying exigency may be taken on an intermittent basis as needed.
- e. State medical leave for self may be taken in non-continuous increments as medically necessary.
- f. Leaves will be granted in hourly increments or less as may be specified in policies or labor agreements. If it is physically impossible for an employee using intermittent leave to commence or end work midway through a shift, the entire time the employee is forced to be absent shall be designated as FMLA leave.
- g. Employees shall make a reasonable effort to schedule medical treatments so they do not unduly disrupt current operations and they shall provide the employer with reasonable advance notice.

Benefits:

An employer is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. If applicable, in addition to paying their portion of health insurance premiums, employees shall be required to pay the full cost of continuing their [life insurance, disability insurance, etc.] during leave. If an employee fails to return to work for a reason other than the serious health condition of the employee or the employee's immediate family member, or other reasons beyond the employee's control, the employee will be required to reimburse the employer for the employee's cost of these benefits while the employee was on unpaid leave.

Notice:

Both state and federal law provide that the employee requesting family and medical leave has an obligation to provide reasonable advance notice to management, when practicable, of the nature and extent of any leave requested. In any event, employees will always have a duty to cooperate with management in arranging and processing leave requests under the state and federal laws to avoid undue disruption of the employer's operations.

The employer requests that 30 days advance notice be provided whenever possible. To receive FMLA leave, an employee must complete an FMLA leave request form. If an employee is unable to do so because the need for leave was not foreseeable, a request may be made verbally.

Supervisors are not to discuss medical conditions or leave requests with employees, but are to forward them to Personnel. Personnel shall evaluate the request and provide a response to the employee approving or denying the request and providing the employee with a "Notice of Eligibility and Rights & Responsibilities (Family and Medical Leave Act)" and a "Designation Notice (Family and Medical Leave Act)" within five (5) business days, absent extenuating circumstances, of the employee's request. If Personnel needs additional information to determine whether a leave is being taken for an FMLA-qualifying reason, Personnel may wait until it has received the requested information from the employee and then notify the employee whether the leave will be designated as FMLA leave with the "Designation Notice" within five (5) business days, absent extenuating circumstances, after obtaining the information.

The employer may require employees to provide medical certification supporting the need for leave due to a serious health condition, second or third medical opinions (at the employer's expense) and periodic recertification, and periodic reports during FMLA leave regarding the employee's status and intent to return to work. A medical certification form must be presented by the employee within fifteen (15) days of being asked to do so by the employer. A return to work form from a physician will, in most cases, be required in the case of an employee's serious illness, injury, work-related injury (worker's compensation) or illness which has caused a prolonged absence from work, or if the employee's supervisor reasonably determines for the sake of safety that a medical authorization is advisable. The employer may require an employee seeking FMLA leave due to a qualifying exigency to submit a certification. The employer may require an employee seeking FMLA leave due to a serious injury or illness of a covered service member to submit a certification providing sufficient facts to support the request for leave.

Upon Return to Work:

Upon return from FMLA leave, an employee must be restored to the employee's original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. FMLA leaves shall not be counted as absences for

disciplinary purposes.

Conform with Existing Laws:

This policy does not provide any greater benefits than those provided by the family and medical leave laws. Any change in the law will impact upon the operation of this policy by modifying its provisions to conform to the law.

3.4 JURY DUTY

Employees who receive a summons to serve on jury duty will be granted jury duty leave for up to two weeks per year. Staff required to be absent for jury duty shall be granted paid jury duty leave. While on such paid jury duty leave, the employee shall remit all fees for such duty (excluding mileage) to the District. If the employee is released from jury duty, with three hours or more remaining in their work day, the employee shall report back to work. Employees must give reasonable advance notice of their intended absence for jury duty. In the event that a staff member is involved in a lengthy trial, the district will cover jury duty for a maximum of ten days.

3.5 UNIFORMED SERVICES

Employees performing duty, whether on a voluntary or involuntary basis, in a uniformed service shall be granted a leave of absence without pay in accordance with the provisions of State and Federal Law. When time permits, the request for military leave should be as far in advance as possible so the employer can adequately plan for the absence. Whenever possible, the request should be accompanied by a copy of the reservist's military orders. The request shall be submitted to the District Administrator or building principal.

3.6 WORKPLACE PROTECTIONS, WORKPLACE SAFETY, DISCRIMINATION, HARASSMENT & RETALIATION-FREE WORKPLACE

It is the policy of the School District of Ladysmith to maintain a safe workplace environment that is free from discrimination, harassment and retaliation. Every employee has a personal responsibility to help maintain a safe and healthful workplace environment. Under federal and state fair employment laws, members of protected classes are shielded from unlawful discrimination in employment. Workplace harassment and discrimination whether engaged in by employees, supervisors or members of the public, will not be tolerated and will subject offenders to disciplinary action or discharge from employment. Retaliatory acts taken against employees for reporting workplace safety issues, harassment or discrimination or for cooperating in the investigation of a complaint will also not be tolerated and will subject the offender to disciplinary action or discharge from employment.

Responsibility to Report: It is the responsibility of each and every employee to immediately report to your direct supervisor any and all health and safety issues, discriminatory, harassing or retaliatory conduct which may relate to the work environment whether it occurs on or off the job. Such conduct includes conduct by employees toward other employees, by employees toward students, and by members of the public toward employees which relates to their work.

Definition of Protected Class: State and Federal law prohibits discrimination and harassment based on any protected class including, but not limited to, age, race, color, creed, disability, religion, sex, national origin, ancestry, arrest record, conviction record, marital status, sexual orientation, genetic testing, membership in the national guard, state defense force or any other reserve component of the military forces, for use or non-use of lawful products off the employer's premises during non-working hours.

Definition of Harassment and Acts of Discrimination: Harassment and acts of Discrimination to be reported by employees can include:

- A. Unsolicited and repeated derogatory epithets, derogatory statements or gestures made to a person because of his/her protected status.
- B. Any attempt to penalize or punish a person because of his/her protected status.
- C. Creating an offensive and hostile working environment for a person because of his/her protected status, including sexual harassment.

Reports and allegations of workplace harassment and/or discrimination will be subject to investigation by management as soon as reasonably possible. If an employee is found to be responsible for harassment or other discriminatory conduct, then appropriate disciplinary action may be taken, up to and including termination from employment. However, such action cannot be taken if management is not first made aware of the complaint. An employee who has a harassment, discrimination or retaliation complaint should immediately report it to their direct supervisor. The report may be made verbally or in writing. The allegations should provide sufficient information and detail so that the district can thoroughly investigate the complaint. If the harassment/discrimination officer is the object of the complaint, then the employee should report directly to your direct supervisor.

Upon receiving an employee report of harassment, discrimination or retaliation, the harassment/discrimination officer will take appropriate steps to investigate the complainant's allegations. Such reports shall be kept confidential to the maximum extent possible. An investigation may include interviewing other employees, speaking with the complainant, interviewing members of the public and reviewing documents such as e-mails, letters or memos. Based upon the investigation's outcome, management will take appropriate action to resolve the complaint. A resolution may or may not result in disciplinary action being taken by the employer.

Definition of Workplace Safety: *Any unsafe practice or condition, affecting persons, property or equipment, must be reported immediately to their direct supervisor. Should a hazardous situation exist, safety concerns always take precedence over continuing operations. Any employee, who identifies new ways to increase workplace safety, should make these recommendations known to their direct supervisor.*

See Board Policy 3122 & 4122 for more information on Reports and Complaints.

3.7 DRUG & ALCOHOL PROHIBITIONS

No employee shall report to work or be under the influence of alcohol or illegal drugs during working hours. This policy includes any paid or unpaid lunch periods as well as training sessions and the working hours of conferences. The sale, possession, transfer or purchase of illegal drugs while in the course and scope of employment is also prohibited. The purpose of this policy is to: a) establish and maintain a safe and healthy work environment, b) reduce absenteeism and tardiness, and c) improve job performance.

Drug & Alcohol Testing: The Employer may conduct drug & alcohol testing based on reasonable suspicion that the employee is under the influence of alcohol or illegal drugs and may conduct testing for employees in testing-designated positions (such as CDL/Bus Drivers). Any such testing will be done in accordance with established procedures. Newly hired, regular employees shall be subject to a pre-employment drug screening per district policy.

Failure to notify the District of an absence and failure to report to work on such a day could result in disciplinary action up to and including termination. Failure to return to work the day following the expiration of an authorized leave of absence may result in termination of employment.

Any requests for District records shall be referred to the appropriate administrator. Employees will need to sign a District Confidentiality Agreement. (Appendix E)

All reproduction of copyrighted material shall be conducted strictly in accordance with applicable provisions of law. Employees are expected to present a well-groomed, professional appearance and to practice good personal hygiene.

Remember, to our students, parents and the public, employees represent the District.

The Board of Education believes that professional staff members set an example in dress and grooming for their students to follow. The Board retains the authority to specify the following dress and grooming guidelines for staff that will prevent such matters from having an adverse impact on the educational process.

When assigned to District duty, all professional staff members shall:

The District does not assume any responsibility for loss, theft or damage to personal property. In order to minimize risk, the District advises employees not to bring unnecessary amounts of cash or other valuables to work. If employees bring personal items to work, they are expected to exercise reasonable care to safeguard them. The District is not liable for vandalism, theft or any damage to cars parked on school property. 4.13 STUDENT RELATIONSHIPS

All District personnel will recognize and respect the rights of students, as established by local, state, and federal law as well as by District policy. Employees shall, at all times, maintain a professional relationship and exhibit a professional demeanor in their interactions with students. Further, employees shall refrain from engaging in any actions or conduct of a sexual nature (verbal or physical) directed toward a student, including, but not limited to, sexual advances, activities involving sexual innuendo, or requests for sexual favors or sexually explicit language or conversation. Employees shall not form inappropriate social or romantic relationships with students, regardless of whether or not the student is 18 years old. Employees shall not use profane or obscene language or gestures in the workplace. The Board fully supports the right and desire of teachers to maintain a proper disciplinary atmosphere in all classrooms. The Board further realizes that this is necessary if students and teachers are to realize maximum effectiveness in the cooperative goals of educational excellence.

4.14 WELLNESS

District employees are encouraged to facilitate a healthy learning atmosphere for students to promote wellness. The District encourages staff to use foods of high nutritional value in fundraising activities and to create an educational environment that supports the promotion of healthy food and beverage choices for students. Using food as a learning or behavior incentive should be kept to a minimum. Incentives shall be healthy food choices. The withholding of a meal as punishment is prohibited.

District employees are expected to follow all state and local laws and school policies or rules. The use of alcohol and tobacco are prohibited on school property or at school sponsored events. The prohibition includes E-cigarettes and non-

alcoholic beers, liquors or substances.

4.15 BULLETIN BOARDS

The School District of Ladysmith will keep employees informed about activities and provide a bulletin board in each building for use by employees for posting of communications.

Prior Authorization: Authorization for employees to use the bulletin board must first be obtained from the building principal. All persons who post notices, letters, and the like on bulletin boards without first obtaining authorization may be subject to disciplinary action, up to and including termination. All postings are expected to be removed in a timely manner by the employee or may be removed by the Administration.

4.16 ELECTRONIC MEDIA & SOCIAL MEDIA POLICY

It is the policy of the District that information, in all its forms, written, spoken, recorded electronically, or printed, will be protected from accidental or intentional unauthorized modification, destruction, or disclosure. All electronic media must be protected from misuse, unauthorized manipulation, and destruction. It is further the policy of the employer that employees may not use social media technology to engage in or post communications or material that would violate any Handbook policy, including, but not limited to, using technology to post communications or materials that are derogatory or offensive with respect to race, religion, gender, sexual orientation, national origin, disability, age, or any other legally protected class status.

General Guidelines - Electronic Media:

1. All employer-provided electronic media systems are the employer's property. Additionally, all messages and files composed, sent or received on these systems are and remain the property of the employer. They are not the private property of any employee.
2. The use of our electronic media systems is reserved solely for the conduct of business, during work hours. However, if employees wish to use these systems during breaks, lunch periods, or before and after regular working hours, they may do so but employees are specifically prohibited from using these services for any illegal, illicit, immoral or offensive purposes.
3. The electronic media systems may not be used to solicit or proselytize for commercial ventures, religious or political causes, outside organizations or other non-job-related solicitations.

4. The electronic media systems are not to be used to create any offensive or disruptive messages or documents.
5. The electronic media systems may not be used to send (upload) or receive (download) copyrighted materials, trade secrets, proprietary financial information or similar materials without prior authorization.
6. The employer reserves and intends to exercise the right to review, audit, intercept, access and disclose all internet activity and any messages or documents created, received or sent over the employer's electronic media systems for any purpose.
7. The confidentiality of any message cannot be assumed. Even when a message is erased, it is still possible to retrieve and read that message. Further, the use of passwords for security does not guarantee confidentiality. All passwords must be disclosed to management or they are invalid and cannot be used.
8. Employees may not modify, delete, or destroy any Employer document created by any electronic media unless specifically authorized to do so.

9. General Guidelines - Social Media:

1. **Only on Your Own Time.** Unless you have received advance permission from your supervisor or unless such activity is directly related to the performance of your job, you may not engage in social media activity on work time.
2. **Post as Yourself.** Make clear that you are expressing your personal views alone, not those of your employer.
3. **Be Respectful and Nice.** Do not post communications or material that is disparaging, obscene, profane, vulgar, bullying, threatening, or inappropriately inflammatory.
4. **Use Good Judgment.** Because what you say online is accessible to the public, use good judgment in your communications.
5. **Obey the Law.** Do not post any material that violates the law, such as material that is obscene, profane, defamatory, threatening, harassing, or that violates the privacy rights of someone else. The posting of such material may subject you to criminal and civil liability.
6. **Don't Expect Privacy.** Because your social media communications are publicly available, you should not expect that your communications are private in any way. Once you post something online, it is completely out of your control and generally available to

anyone in the world.

7. **Ask for Guidance.** If you have any questions about what is appropriate to include in social media communications, ask your supervisor.
8. **Comply with Harassment and Other Policies.** Team members may not use social media technology to engage in or post communications or material that would violate any other Handbook policy, including, but not limited to, the Workplace Safety, Discrimination, Harassment and Retaliation policy.
9. **Keep Secrets.** You must not disclose confidential information.
10. **Students and Social Media:** Unless classroom or athletics related, all personal/private communications through social media are highly discouraged. General posts to Social Media are acceptable.

Duty to Report: All employees have a duty to report any discovered or suspected unauthorized or improper usage of electronic media or social media with impact on the workplace.

Policy Violations: Employees who violate this policy may be subject to discipline, up to and including immediate termination of employment.

4.17 POLITICAL ACTIVITIES

Employees are free to engage in political activity outside of work hours and to the extent that it does not adversely affect the performance of job duties, working relationships or School District of Ladysmith operations. When engaging in political activity or engaging in discussion of issues of public importance, employees are expected to ensure that their actions and positions are not attributed to the Employer. Employer resources may not be used for promoting a particular candidate or political party or for advocating a particular position on an issue that has become identified as the viewpoint of a particular candidate or party.

Definition of “Employer Resources”: Employees may not use employer resources for political activities. Employer resources include office supplies, electronic equipment including e-mail, facsimile and photocopying machines, bulletin boards and other public spaces. (Use of bulletin boards requires authorization of the building principal and is off-limits to public use.)

Definition of “Political” Activities: Political activities include partisan and non- partisan elections and referendums. Any political activity must be conducted independent of your role as an employee. The following guidelines are not exhaustive, but are intended to help in differentiating between those

activities that may be viewed as harmful to workplace functioning and those activities that generally fall outside the “political” activities subject to employer restrictions and intervention. Employees are expected to avoid the following political activities:

- Using working hours or employer resources to solicit money or signatures or to make political contributions;
 - Using non-work hours to solicit contributions, signatures or services from other employees who are on work time;
 - Posting political materials in areas open to the public (generally, individual work stations that are not available to the public are exempted from this restriction);
 - Using the employer’s mailing address as the return address for political solicitations;
 - Providing employer mailing lists to any individual or organization for political solicitations if this information is not generally available to the public. (Note: the use and distribution of employer mailing lists to outside parties always requires prior authorization including an assessment of whether fees should be charged to cover production costs);
 - Providing a forum for an individual candidate to promote his or her campaign without giving an equal opportunity to other candidates for the same office, to participate in the forum;
- (continued)
- Political advocacy in the form of clothing items, armbands and buttons that cause a disruption in operations and/or violate the rights of others including the right to be free from discrimination, harassment and intimidation in the workplace.

Additional notations:

These guidelines are not intended to discourage discussion of controversial issues in the classroom, where such discussions are consistent with District curriculum guidelines and teaching methods. This policy is not intended to limit the off-duty activities of employees where District buildings and property are made available to community groups for meetings and gatherings. Nothing in this policy limits the rights of the District to sponsor non-partisan political forums or forums to provide information on District initiatives, such as building referendums. Nothing in this policy places restrictions on the District’s freedom to invite speakers with political associations to forums that are not open to the general public.

4.18 SOLICITATION (Non-Political)

In order to help maintain a work environment that protects employees from undue interference while performing their jobs, employees may not orally solicit or distribute written materials for any organization, fund, activity or cause to other employees in work areas while either employee is on working time.

Employees On-duty: Employees may solicit other employees or distribute written materials before or after the normal work day, during normal break or lunch times or any other time when they are not working. These solicitations and literature distribution efforts are not permitted in working areas.

Employees Off-duty: Off-duty employees may not solicit or distribute literature on premises at any time.

Non-employees: May not solicit or distribute written materials on behalf of any organization, fund, activity or cause. Solicitations for charitable organizations are exempt as long as the organization is sponsored by an employee and prior permission has been secured from management. The same restrictions regarding working time and working areas apply to nonemployees.

All employees, as well as their qualified dependents, will receive notice of mandated insurance continuation benefits at the time of hire or whenever the plan coverage for the employee begins. 12.0 DISCIPLINE, TERMINATION, AND NONRENEWAL

The level of discipline imposed will take into consideration the seriousness of the infraction as well as the employee's performance record. When appropriate, discipline should be corrective in nature. At the employer's sole discretion, various types of employee discipline or corrective action may be imposed which include, but are not limited to, the following:

1. Coaching
2. Verbal reprimand with Written Notification
3. Written Reprimand
4. Suspension without pay
5. Termination or Non-Renewal

All new teacher's starting their employment with the 2020-2021 school year, are subject to a 3-year probationary period, and not subject to "just cause".

Employee discipline for purposes of access to the grievance procedure, is defined to include only termination, disciplinary suspensions and disciplinary demotions.

None of these disciplinary measures are required to be used before termination from employment occurs nor are the listed disciplinary actions required to be used in any specific order. The Employer may repeat disciplinary action.

Employees are expected to work in a competent and conscientious manner which reflects favorably upon the employee and the School District of Ladysmith. The following is a list of examples of behavior which would normally justify disciplinary action.

- Failure to obtain and maintain a current license or certification as required by law or employer
- Failure to maintain effective working relationships with other employees or the public
- Sexual or other unlawful harassment.
- Workplace violence
- Violation of any lawful order, directive, policy, or work rule

The offenses listed above are not intended to be all-inclusive, and discipline, including termination, may occur for any other reason depending upon the seriousness of the offense, the particular facts and circumstances surrounding the incident(s), and the employee's record of prior disciplinary actions.

Documentation: All discipline shall be documented with a copy provided to the employee and a copy placed in the employee's personnel file.

12.1 STANDARD FOR NONRENEWAL OF TEACHERS

Teachers employed in the district are subject to nonrenewal on a statutory basis, as described in Sec. 118.22. Wis Stats. Such nonrenewal shall be exclusively subject to the provisions of section 118.22, and is not covered by the Grievance Procedure in this Handbook. All new teacher's starting their employment with the 2020-2021 school year, are subject to a 3-year probationary period, and not subject to "just cause".

12.2 TERMINATION

A teacher may be terminated during the contract year for "cause". Cause is not required for Associate Staff members. Unpaid suspensions, demotions, and or termination shall be subject to the Grievance Procedure in this Handbook. All new teacher's starting their employment on or after the 2020-21 school year, are subject to a 3-year probationary period, and not subject to "just cause".

12.3 REPRESENTATION

In the event any employee is called to a meeting with District representatives for the purpose of issuing discipline or discharge, or for investigating circumstances which may lead to discipline or discharge, the District shall advise the employee of his or her right to representation in regard to the matter.

12.4 DISCIPLINARY MATERIALS

Copies of disciplinary materials shall be provided to employees prior to any such material being placed in an employee's personnel file. The employee shall have the opportunity to affix his or her reply to such materials.

13.0 GRIEVANCE PROCEDURE

It is the policy of the District to treat all employees equitably and fairly in matters affecting their employment. Each employee of the District shall be provided an opportunity to understand and resolve certain matters affecting employment that the employee believes to be unjust. This section shall apply to all regular full-time, part-time, limited, temporary, and seasonal employees.

This procedure is available in the case of any employee's disagreement with discipline or termination of employment, as well as any matter relating to workplace safety.

A grievance shall mean a dispute concerning an employee's discipline or termination of employment, or a dispute concerning workplace conditions that affect workplace safety. Only one subject matter shall be covered in any one grievance. A written grievance shall contain:

- A. the name and position of the grievant;
- B. a clear and concise statement of the grievant;
- C. the issue involved;
- D. the relief sought;
- E. the date the incident or violation took place;
- F. the specific section of the Policy Manual alleged to have been violated;
- G. the signature of the grievant and the date.

All employee grievances must be filed by the aggrieved employee(s). The grievance must be filed within five (5) working days after the employee knew or should have known of the cause of such grievance. The following procedures shall be followed:

A. District Administrator:

This grievance shall fully state the details of the problem and suggest a remedy. The District Administrator shall, within five (5) working days of receipt of the grievance, meet and discuss the grievance with the employee and then reply in writing within ten (10) working days. This step does not apply to any grievance related to action by the Board of Education that directly affects the grievant.

B. Hearing Before an Impartial Hearing Officer:

In the event the matter is not resolved to the employee's satisfaction by the District Administrator, the employee may, within five (5) working days of the date of the written decision of the District Administrator, request in writing that the

matter be referred for a hearing before an impartial hearing officer. If the District Administrator denies the grievance based on whether the grievance is timely or relates to a covered matter (i.e. workplace safety, discipline or termination), the matter shall be referred to the Board for determination of whether the grievance may proceed. If the Board determines that the grievance may proceed, it will then be referred to the Impartial Hearing Officer. The Board of Education shall appoint a hearing officer for the purpose of conducting the hearing. The Board may appoint a hearing officer or panel of potential hearing officers from which to select an officer for this purpose either on an ad hoc basis or by resolution adopted for a school year and delegate to the District Administrator the responsibility to arrange for such hearing with one of the selected officers.

Each grievance shall be heard by a single hearing officer and such hearings shall be private. The employee and the District may present witnesses, and each side may select one individual to attend the hearing as a representative. Any employee representative selected shall be at no expense to the District.

The Hearing Officer may only consider the matter presented to him/her in the initial grievance filed by the employee. The decision will apply exclusively to the employee presenting the grievance. The Impartial Hearing Officer shall have authority to run the hearing, including administering oaths, admitting evidence into the record, providing for transcription, etc. The Officer may not modify any Board policy and may not issue decisions on matters not presented to the District Administrator in the initial grievance. Any costs incurred by the impartial hearing officer shall be paid by the District.

C. Board of Education:

In the event that either party is dissatisfied with the hearing officer's decision, that party may within ten (10) working days, present the grievance in writing to the Board, who shall consider the matter within thirty (30) working days after its receipt, unless postponed by mutual agreement. The Board shall review the decision of the impartial hearing officer and may either issue a decision or determine that additional evidence or testimony is necessary and provide for a hearing for that purpose.

The Board's decision shall be by majority vote, which shall be final.

This procedure constitutes the exclusive process for the redress of employee grievances for the subject matter referred to herein. However, nothing in this grievance procedure shall prevent any employee from addressing concerns regarding matters not subject to the grievance procedure with administration and employees are encouraged to do so. Matters not subject to the grievance procedure that are raised by employees shall be considered by administration which has final authority, subject to any applicable Board policy or directive, to resolve the matter.

Time limits contained in this grievance procedure outlined above may be extended by mutual consent of the parties. If any applicable time limit for advancing the grievance to the next step in the process is not met, the

grievance shall be deemed resolved. Each employee shall be afforded any opportunity to be represented at each step of the grievance procedure by a representative of the employee's choice and at no expense to the District.

For purposes of this grievance procedure, the following definitions shall apply:

- A. "Workplace safety" means those conditions related to physical health and safety of employees enforceable under Federal or State law, or District rule related to: safety of the physical work environment, the safe operation of workplace equipment and tools, provision of protective equipment, training and warning requirements, workplace violence and accident risks.
- B. "Termination" does not include voluntary resignation or retirement, or the nonrenewal of an employment contract pursuant to 118.22 and 118.24 Wis. Stats., nor does it include position elimination due to a reduction in force under Policy 3131.
- C. "Employee discipline" refers to unpaid suspensions, written reprimands, or demotion, but excludes performance conferences/evaluations, staff assignments, improvement plans, or oral counseling or reprimand unless a written record of the reprimand is placed in the employee's file.

14.0 EMPLOYMENT RETENTION

14.1 JOB TRANSFERS & PROMOTIONS

The District reserves the right to permit temporary and permanent job transfers and promotions based on operational needs and based on the employee's relative ability, experience and other qualifications as determined by the Employer. Such transfers and promotions shall not be made arbitrarily or capriciously. Temporary assignments will normally not exceed one year and employees will normally receive their regular rate of pay for the time spent in temporary assignment.

14.2 JOB VACANCIES & POSTING

When the District determines that a vacancy or new position shall be filled, the District shall typically post on WECAN a notice of such vacancy or new position for a minimum of five working days if reasonable and appropriate to do so. The posting shall typically include the date the position is to be filled, title of position, requirements, and rate of pay and benefits. The District retains the right to determine whether and when to recruit outside applicants. All employees who interview for a position will be notified of the selection outcome. The District maintains its discretion to offer employment to any candidate.

14.3 LAYOFF & RECALL

The District retains the right to lay off employees, in whole or in part, and to retain those employees who are most qualified to perform the available work, regardless of their previous length of employment. However, employee morale and loyalty to the District are enhanced by a recognition of seniority as being important. Therefore, in choosing who is to be laid off, the District will utilize seniority as an important factor, but while doing so will consider specialized qualifications, and documented and ongoing deficiencies in performance, as being legitimate reasons to not follow seniority. The rehiring of employees that have been laid off shall be determined by the district based on its need for the most qualified person to perform the available work. Associate staff layoffs are subject to a 30-day notice and board of education approval. The District maintains its discretion to offer recall to employment to any candidate.

14.4 PERFORMANCE REVIEWS

Employee work performance for professional staff will normally be during the first three years of employment and at least every third year thereafter. Associate staff will typically be evaluated yearly. If an employee believes that a performance review is needed and/or past due, the employee should discuss the matter with their immediate supervisor.

14.5 PERSONNEL FILES

Reasonable access to personnel records will be authorized in accordance with public records laws and regulations. Any/all personal medical information will be secured in an area separate from the personnel record, with strictly controlled and limited access, in order to protect confidentiality. Employees, and other authorized viewers of records, shall have the authority to review and copy, but not remove or alter, personnel records. If an employee disagrees with any information in his/her personnel file, the employee may submit a written statement explaining his/her position which shall be included in the file.

14.6 SEPARATION FROM EMPLOYMENT

Professional Staff: In the event a professional staff member wishes to break a contract with the Board, the employee shall pay to the School District liquidated damages for the termination of the contract in the following amounts:

1. Resignation after June 15, five hundred dollars (\$500).
2. Resignation after July 1, seven hundred and fifty dollars (\$750).
3. Resignation after August 1, one thousand dollars (\$1,000).

With signed consent, the Board may deduct such liquidated damages from any paychecks still due and payable to the teacher. Liquidated damages may be waived at the sole discretion of the Board.

In the event a teacher seeks to break a teacher contract before the end of the school year, the Board shall receive liquidated damages in the amount of **\$2,000**.

*Teachers move through the salary progression until they reach the top salary for a master's or bachelor's degree. After that teachers are awarded longevity pay dictated by the availability of funding in the projected annual budget. This chart is a guideline for administrators and teachers to follow. Salaries are no longer considered steps in a matrix, but rather a plan for moving ahead on the salary schedule until you reach the top of the master's or bachelor's wage.

Zero Hour Class Procedures for academic rigorous coursework

- A zero hour class will be considered if the following criteria are met:
- There must be at least 8 students who want/need the class
- The class will not fit into the regular schedule without displacing a disproportionate number of students or causing a class(es) to become too large. (Too large is more than 30 students?)
- There is no alternative for the class, such as WVS, WIN, or other options.
- Stipend: 10% of the instructor's contract. This rate will be prorated if the course is offered less than a year.

Title IX Coordinator Roles and Responsibilities Local School Districts

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Legal Citation: Title IX of the Education Amendments of 1972, and its implementing regulation at 34 C.F.R. Part 106 (Title IX)

Designation of a Coordinator

A. School systems or other recipients of federal funds (including all public schools, charter schools and magnet schools) must designate at least one professional employee as the Title IX coordinator to oversee compliance efforts and investigate any complaints of sex discrimination.

B. All students, employees and parents/guardians must be notified of the names, office address(es), and telephone number(s) of the designated coordinator(s) of Title IX.

Dissemination of Policy

The school district's policy of nondiscrimination must be prominently included in each student handbook, bulletin, catalog, booklet, announcement, brochure, student application form or other publication distributed to students, potential students, parents, and any other persons benefiting from the school district's activities and programs. The name and contact information (office address, telephone number, fax number, email address) of the Title IX Coordinator must also be included in this announcement.

Monitoring compliance

The Title IX Coordinator is responsible for monitoring the overall implementation of Title IX for the school district and coordinating the institution's compliance with Title IX in all areas covered by the implementing regulations. The major responsibility is the prevention of sexual harassment and discrimination. Other major monitoring duties include, but are not limited to, the following:

Admissions: Admissions and Recruitment

Education Programs and Activities: Housing, Comparable Facilities, Access to Course Offerings, Access to Schools operated by the School District, Counseling and Related Materials, participation in extracurricular activities, Financial 2 Assistance, Employment Assistance, Health Services and Insurance, Marital/Parental Status, Athletics and Physical Education.

Employment in Education Programs and Activities: Employment Criteria, Recruitment, Compensation, Job Classification, Fringe Benefits, Marital or Parental

Status, Advertising, Pre-employment Activities

Other areas of consideration include:

- Developing a committee to assist in meeting Title IX obligations is highly recommended.
- Arranging to have a Title IX/Equity coordinator in each school building enables better monitoring of Title IX in individual schools leaving the District Title IX Coordinator to take care of the district as a whole.
- Participating in the development and implementation of the school system's sexual harassment policy. Be aware of new needs which may dictate changes or revisions in existing policies or practices. For example, since sexual harassment is a violation of Title IX, you should include a prohibition of sexual harassment in the school district's list of disciplinary infractions.
- Assisting faculty, counselors and administrators in complying with Title IX, and when a need arises, planning remedial actions. For example, if females are under-represented in advanced mathematics, science or computer programming courses, ask the faculty to plan for several workshops, student tutorial services, or other ways to increase enrollment of females in these advanced courses.
- Making your presence known in the community by disseminating civil rights information or by speaking at parent-teacher group meetings, social or professional organization meetings, and other community functions.
- Serving as a resource to the local superintendent of schools on Title IX/Gender issues, and submitting annual reports on Title IX compliance activities to the district superintendent.
- Monitoring and evaluating the district's Title IX compliance efforts and making recommendations for any appropriate changes.
- Providing updated information to schools on Title IX implementation and issues
- Maintaining contact with the state education agency Title IX coordinator and with the federal regional equity assistance center
- Identifying and disseminating information about Title IX educational resources (organizations, individuals, print, internet, and audio-visual)

Grievance Procedures

Adoption and publication of procedures providing prompt and equitable resolution of complaints is critical. Nondiscrimination policy notices and their attendant Grievance Procedures must be made public and disseminated throughout the educational community. Develop Title IX grievance procedures for students and teachers in cooperation with local student service and human resources staff; give public notice of the procedures and the name and contact information of the school system Title IX coordinator.

Have copies of the grievance procedure and any related forms available in schools and libraries to students, parents or school personnel alleging sexual harassment or discrimination. Assist them in filing their grievance and oversee the step-by-step procedure to be sure that time frames are met. Assist administrative personnel who need a better understanding of the grievance based on Title IX. Keep records of all grievances filed.

In carrying out this responsibility, the Title IX coordinator may actually investigate any complaint filed under the institution's grievance procedures. If the Title IX coordinator does not conduct the investigation of complaints, she or he should receive information about any grievance filed. This will allow the institution to

identify any patterns, and repeat offenders that may be missed when grievances are handled by several individuals. The coordinator should also receive sufficient information throughout the process so that she or he can provide guidance or information to ensure that the institution carries out its responsibilities under Title IX. The Title IX coordinator should also be sufficiently knowledgeable about the requirements of the regulations to advise the institution about policies and practices, which may violate Title IX.

Core Responsibilities of Title IX Coordinators

- Develop a working knowledge of the federal Title IX (of the Education Amendments of 1972) law and its implementation regulations. Have a copy of Title IX readily available and understand the requirements and the intent of the law. Keep informed of current research and legal and judicial decisions related to Title IX and gender equity.
- Be informed about state laws, regulations and policies on all equity issues, including bullying and harassment and child abuse laws.
- Be knowledgeable of federal and state laws (e.g. ADA, Section 504, IDEA) prohibiting discrimination against all protected classes (including race, religion and sexual orientation) and assist whenever possible.
- Be sure female and male students participating in work-based learning programs are guaranteed equal treatment by their employers. 4
- Coordinate with other staff and document an internal self-evaluation of practices and policies with respect to treatment of female and male students, if this responsibility was never completed. If the evaluation was completed by a previous Title IX coordinator, check if the evaluation's remedies for eliminating segregation and discrimination were carried out.
- Provide program development, including in-service training, to eliminate sex discrimination in the district. You may also want to consider conducting a school-wide in-service or assembly on sexual harassment. For another example, continued gender-segregated classes in workforce development education courses should prompt you to plan special on-going activities for lessening students' gender-role stereotypes.
- Attend state and national conferences specifically for Title IX coordinators and/or on gender equity issues generally, and share the information with local administrators, staff and faculty.
- Provide updated resources on Title IX and gender equity to local school districts
